

Project Demo Planning

Date	27 June 2026
Team ID	SWUID2026217448
Project Name	A Comprehensive Measure of Well-Being (HDI Predictor)
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction	Overview of HDI concept and the problem statement being solved	3	Bala Karnayana
2	Dataset & Preprocessing	Explain dataset, cleaning steps, and label encoding of HDI tiers	4	Bala Karnayana
3	Model Building	ML model selection, training process, and evaluation metrics	5	Bala Karnayana
4	Web App Demo	Live prediction demo using the Flask web interface	5	Bala Karnayana
5	Scenario Walkthrough	Demonstrate Very High, Medium, and Low HDI prediction scenarios	3	Bala Karnayana
6	Conclusion & Future Scope	Summary of outcomes and the scalability/future roadmap	2	Bala Karnayana

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain what HDI is and why the project is significant
2	Solution Overview	Describe the ML pipeline: preprocessing, model training, and prediction logic
3	Live Feature Demonstration	Show real-time prediction via the Flask web app for sample country inputs
4	Q&A Session	Address mentor/evaluator queries regarding the model and implementation
